Please comment on the following areas and be as specific as possible.

9. What are the TA's strengths?

- A lot of the examples talked about in discussion and the re-explanation of lecture really helped me learn better. I thought discussion was structured very well and I had no problems with following along. The TA was very clear and informative on every topic covered. He went all out in solving problems on the board for us even though he didn't have to.
- Clear speaking, writing skills. Logic that students can follow well. Available literally whenever you need him. Fair grading on quizzes and tests.
- explain the problem in an easy understanding way
- helps learn concept
- N/A
- Timmy is a great TA. He makes me interested in what he has to say and always gives great explanations for each example he does during discussion. I learn more from him than I do the actual professor because Timmy is a great explainer and he makes sure that we understand everything he is saying.

- More challenging problems or stipulations that make the class think. Also try to get the class more involved in the solving of the problems.
- more different examples
- N/A
- Nothing comes to mind, he is the best.
- 5 blank answer(s).

11. Any other comments about this TA?

- I wish I could have gone to office hours but what I learned in discussion was more beneficial than I could have ever imagined compared to lecture.
- messes up on problems a lot. his concepts are not clear
- N/A
- This is a great TA, was lucky to have him.
- Whenever I couldn't understand what the professor was saying, the TA always made sure to clear up everything. I always exited the discussion with a full understanding of the material.
